GANG MEMBERSHIP

Why is this Important?

Gang members target juveniles as young as eight years of age to actively participate in criminal street gangs. Juvenile gang members commit serious and violent offenses at a rate several times higher than non-gang adolescents. Gang crime often involves drug trafficking, the use of weapons and violence that includes rape, carjacking, assault and murder.

What's Happening in Orange County?

- The Orange County District Attorney's Office (OCDA) has two experienced full-time Deputy District Attorneys (DAs) and one full-time experienced gang investigator dedicated to gang prevention. These DAs collaborate with communities, schools, law enforcement, Probation, Community Service Programs (CSP), non-profit organizations, faith-based groups and private businesses to prevent children from joining gangs.
- The OC Gang Reduction and Intervention Partnership (GRIP) program was implemented in 2007 and is in the cities of Buena Park, Santa Ana, Stanton, Orange, Garden Grove, Mission Viejo, San Clemente, San Juan Capistrano, Tustin, Costa Mesa, Dana Point and Laguna Hills. This is a law enforcement led gang prevention program that focuses on preventing 4th to 8th grade students from joining a criminal street gang. The OC GRIP program is currently operating in 43 schools throughout Orange County.
- The 2008/09 Orange County Grand Jury recognized the Orange County GRIP program as one of the most effective gang prevention programs in the state, and recommended its expansion to other Orange County law enforcement agencies. The GRIP program received the State of California's Golden Bell Award in 2011 for the successes the program has seen in the North Unincorporated areas.

What's working:

- The OCDA, along with local law enforcement agencies have implemented 13 gang injunctions in the Cities of Anaheim, Fullerton, Garden Grove, Orange, Santa Ana, San Juan Capistrano, Stanton and San Clemente. In each of the neighborhoods where the injunctions have been issued, there has been a dramatic decrease in gang-related crimes. Gang related crimes have been dramatically reduced in Safety Zones, which are designated areas with restrictions on documented gang members from participating in specific acts or activities that may or may not be inherently criminal within these Safety Zones. In the Safety Zones in Santa Ana, gang-related crime has decreased by 60%. In Anaheim, serious and violent felonies have decreased by 49% in one Safety Zone and 58% in another. Violent crime in the San Juan Capistrano Safety Zone fell up to 43% after their injunctions were put in place. Orange and Garden Grove had up to 16% and 52% overall decrease in crime respectively, while San Clemente experienced an up to 54% reduction.
- A majority of the schools in the OC GRIP program have seen a dramatic increase in schoolwide attendance, a decrease in suspensions and expulsions and an increase in standardized testing scores. Each of the OC GRIP schools has had a reduction of gang crime on their campuses and a reduction of gang graffiti on their campuses. The OC GRIP program has mobilized over 2,000 teachers to mentor minors who are at-risk of joining a gang and over 3,000 parents who participate in a neighborhood watch program.
- Seventy-five percent of the targeted at-risk GRIP students county-wide improved school attendance and over 7,500 students received gang prevention education. Over 1,500 parents volunteer at the GRIP schools in the Greeter/Neighborhood watch program and over 2,500 faculty members mentor at-risk students.
