Diagnosis Treated Today :

1. Post-traumatic stress disorder, unspecified (F43.10)

2. Anxiety disorder, unspecified (F41.9)

Purpose of Visit : To coordinate care with clients case worker from the immigration detention center.

Intervention : Therapist reached out to clients case worker from the immigration detention center and updated her that client was in the process of his assessment at the outpatient clinic. Therapist learned from case worker that she would be closing client case 6 months after placement. Case worker also mentioned she will talk to family about future wraparound services and other resources for asylum seekers. Case worker shared she would provide some drawings to give insight about client for his mental health assessment.

MHS Individual PN Plan : Therapists will continue assessment and coordinate with immigration detention center case worker if any further information is needed until they close the case.
