Intensive Care Coordination

Encounter Smart Template : Facility: CYS EAST

FIN: 1000xxxxxxx

Diagnosis Treated Today :

1. Homelessness (Z59.0)
2. Low income (Z59.6)
3. Post-traumatic stress disorder, acute (F43.11)

Purpose of Visit: Problem treated today: Z59.0; Z59.6; F43.11 - Client and family struggling with low income and possible loss of current apartment due to inability to make enough to pay rent. Both parents are working and father has taken 2nd job to try to pay for rent and food. Parents not being home and working 6 days a week is putting strain on family functioning and possibly triggering Cal and sister as parents' absence in home results in client and sibling feeling unprotected with memories of being alone in the shelter.

Intervention PN: Case manager provided ICC to help link family to resources in finding food and looking for affordable housing options as well as finding community support and local faith base resources and food pantry to insure family has adequate supply of food and other grocery needs. Parents were appreciative of resources, and will look into referral sources.

Intensive Care Coordination PN Plan: Case manager will follow up with family in 2 weeks to see if resources met need of family and relieved some of the family stress. Case manager will also check with individual and family therapist if there are any other resources needed to lower stress situation in helping family make adjustment in settling in new country.
